

# KAAP AGRI ACADEMY NOW ACCEPTING APPLICATIONS FOR 2021 TRAINING PROGRAMMES

The Kaap Agri Academy empowers emerging farmers with high quality training programmes, equipping them with skills, information and experience to become successful commercial farmers. More than 300 emerging farmers have been trained so far, many of whom now run large, successful commercial operations and contribute to employment in the sector.

- 2021 National Certificate Programmes for emerging farmers and students with a Senior Certificate:**
- **NQF 4 Programme in Animal Production**
  - **NQF 4 Programme in Plant Production**

The training format will follow a blended learning method – a combination of online learning, video-based facilitation, and practical experiential learning contact sessions.

**DATES: March 2021 - October 2021 | LEARNING MATERIAL: English**  
**INSTRUCTION: English and Afrikaans**

**QUALIFYING CRITERIA:**

- applicants must be South African citizens, residing in the Western Cape or Northern Cape provinces;
- applicants must have access to their own computer, with an uninterrupted data connection;
- applicants must be emerging farmers, past graduates of the Academy or students with a Senior Certificate who are interested in a career in agriculture;
- applicants must be proficient in basic English – reading, writing and speaking;
- applicants must be available to attend all practical experiential learning contact sessions at the Kaap Agri Academy in Porterville. (The Kaap Agri Academy will subsidise all transport to and from the Porterville training centre, as well as food and accommodation related costs in Porterville.)

**Deadline for the submission of all applications: 30 November 2020**
